YIS Mission

Young Investors Society provides quality financial literacy education and programs to students from all backgrounds and socio-economic levels. We aim to teach finance and investing skills that will last a lifetime and empower students to take control of their financial future.

YIS Principles

YIS Vision: Investors can change the world!

We believe that when youth are empowered by financial literacy, they can become outstanding investors in companies, societies and themselves, thus achieving financial independence and breaking the cycle of generational poverty.

This will be accomplished by pursuing the following principles:

- **Vision:** Young Investors Society seeks to inspire students to think critically for themselves and to evaluate businesses and the world around them with insightful, long-term perspectives.
- **Real-life Experience:** Youth get actual, hands-on experience evaluating companies, building financial models, and buying and selling stocks.
- **Leadership:** Each local chapter of the Young Investor Society is run by the students, recommending and investing in stocks themselves, organizing business and financial professional visits, and mentoring new members.
- **Community:** Young Investors Society members feel that they are a part of something greater than just themselves. They build connections to local businesses, universities and other young investors around the country, as well as the following generation that will take their place once they graduate. Service projects and giving back are important parts of the program each year. Young Investors Society makes special outreach to empower low-income and minority students.
- **Integrity:** Society members are expected to uphold the highest levels of ethical standards in investing, and learn to determine if a target company demonstrates good or poor corporate governance practices.

Letter from YIS Founder & President, James Fletcher, CFA

There is so much to be proud of this year at Young Investors Society! Our program has now grown to 2,390 schools in 80 countries around the world.

I think when we look back at this 9th year of YIS in the history of the organization, it'll be remembered as the year we launched the GYIS Summit. We upgraded our flagship event from the Global Stock Pitch Competition to the Global Youth Investment Summit (GYIS) and moved it back to New York City. The new event brings a new mentality: more activities and competitions than just the Stock Pitch Competition, more networking opportunities, more kids invited, and more fun all around! This year, we had a great turnout of over 150 kids attending in person in addition to all the parents and chaperones, over 120 financial professionals as judges and workshop teachers. Special thanks to the YIS team for pulling it off, I specifically want to thank Christine, Maria, and Jayme for their inspiring efforts.

We also made great strides this year at YIS in the revamp of the Dollar-A-Day Challenge, to increase the number of kids that get sponsorships by giving out awards on a monthly basis. The Mid-Year Competition was changed to an Online Knowledge Bowl, which greatly increased student participation. And we started doing quarterly Fireside Chats where we heard from numerous incredible speakers who shared stories and advice. All of these I felt were great improvements to the YIS programs and impact!

We also made tremendous strides this year with regards to corporate partnerships and fundraising. It is exciting to say that this year YIS was sponsored by many incredible organizations including Bloomberg Philanthropies, Goldman Sachs, Grandeur Peak, Capital Group, Bank of America, PIMCO, Blackrock, Fidelity, JP Morgan, Neuberger Berman, MFS, New York Life Investments, American Century, Natixis, Nuveen and AMG among others. The support of these corporations will enable YIS to greatly magnify our impact going forward!

All of this growth is only possible through the support of our amazing board, regional advisory boards, YIS staff, committed YIS teachers, parents and especially the YIS student leaders throughout the world. We couldn't do it without each of you!

As we look forward to our 10th Year of Young Investors Society next year, it'll be a both a celebration and a springboard to even greater impact. And as I re-read some of the messages and quotes from the kids about how “life changing” our organization was for them, I remember in the end that it's all about the kids.

Investors truly can change the world, and I'm grateful to each of you!

Letter from YIS Chief Operating Officer, Christine Tobin

This year has been full of amazing progress and continued growth. Young Investors Society has met 100% of the membership and program goals for the year including exceeding our total schools & student goal as well as Dollar-A-Day Challenge and fundraising goals for the year.

We are beginning to see the impact of our growth with the first Global Youth Investment Summit which served over 150 students as well as an increase in the Access Initiative. We can proudly announce that 21% of our total students are served through the Access Initiative. I can proudly say that we are positioned for a future where every high school student has access to FREE, quality, online financial education.

We introduced Fireside Chats where students get to learn personal stories, career advice, and ask questions to a variety of industry professionals. We have had great feedback from the students that they thoroughly enjoyed being able to network and interact with finance professionals.

We expanded our Dollar-A-Day Challenge program to include a personal finance quiz and monthly opportunities for students to apply which led to an increase in participation of 79%. We also doubled the amount of scholarships to students giving scholarship matches to 200 students this year.

We successfully held an online Giving Tuesday Fundraising Campaign and the first Money Skills Teen Conference in Southern California and Utah this year. We continue to secure multi-year corporate sponsorships from Bloomberg Philanthropy and Grandeur Peak to support the Access Initiative. We are amazed at the generosity and support from our YIS Boards and donors as well as corporate sponsors this year for our Invest in the Future Gala which hosted over 200 people and had sponsorships from over 20 investment firms including Bank of America, Goldman Sachs, Fidelity, Capital Group, JP Morgan, BlackRock, Pimco, and many more.

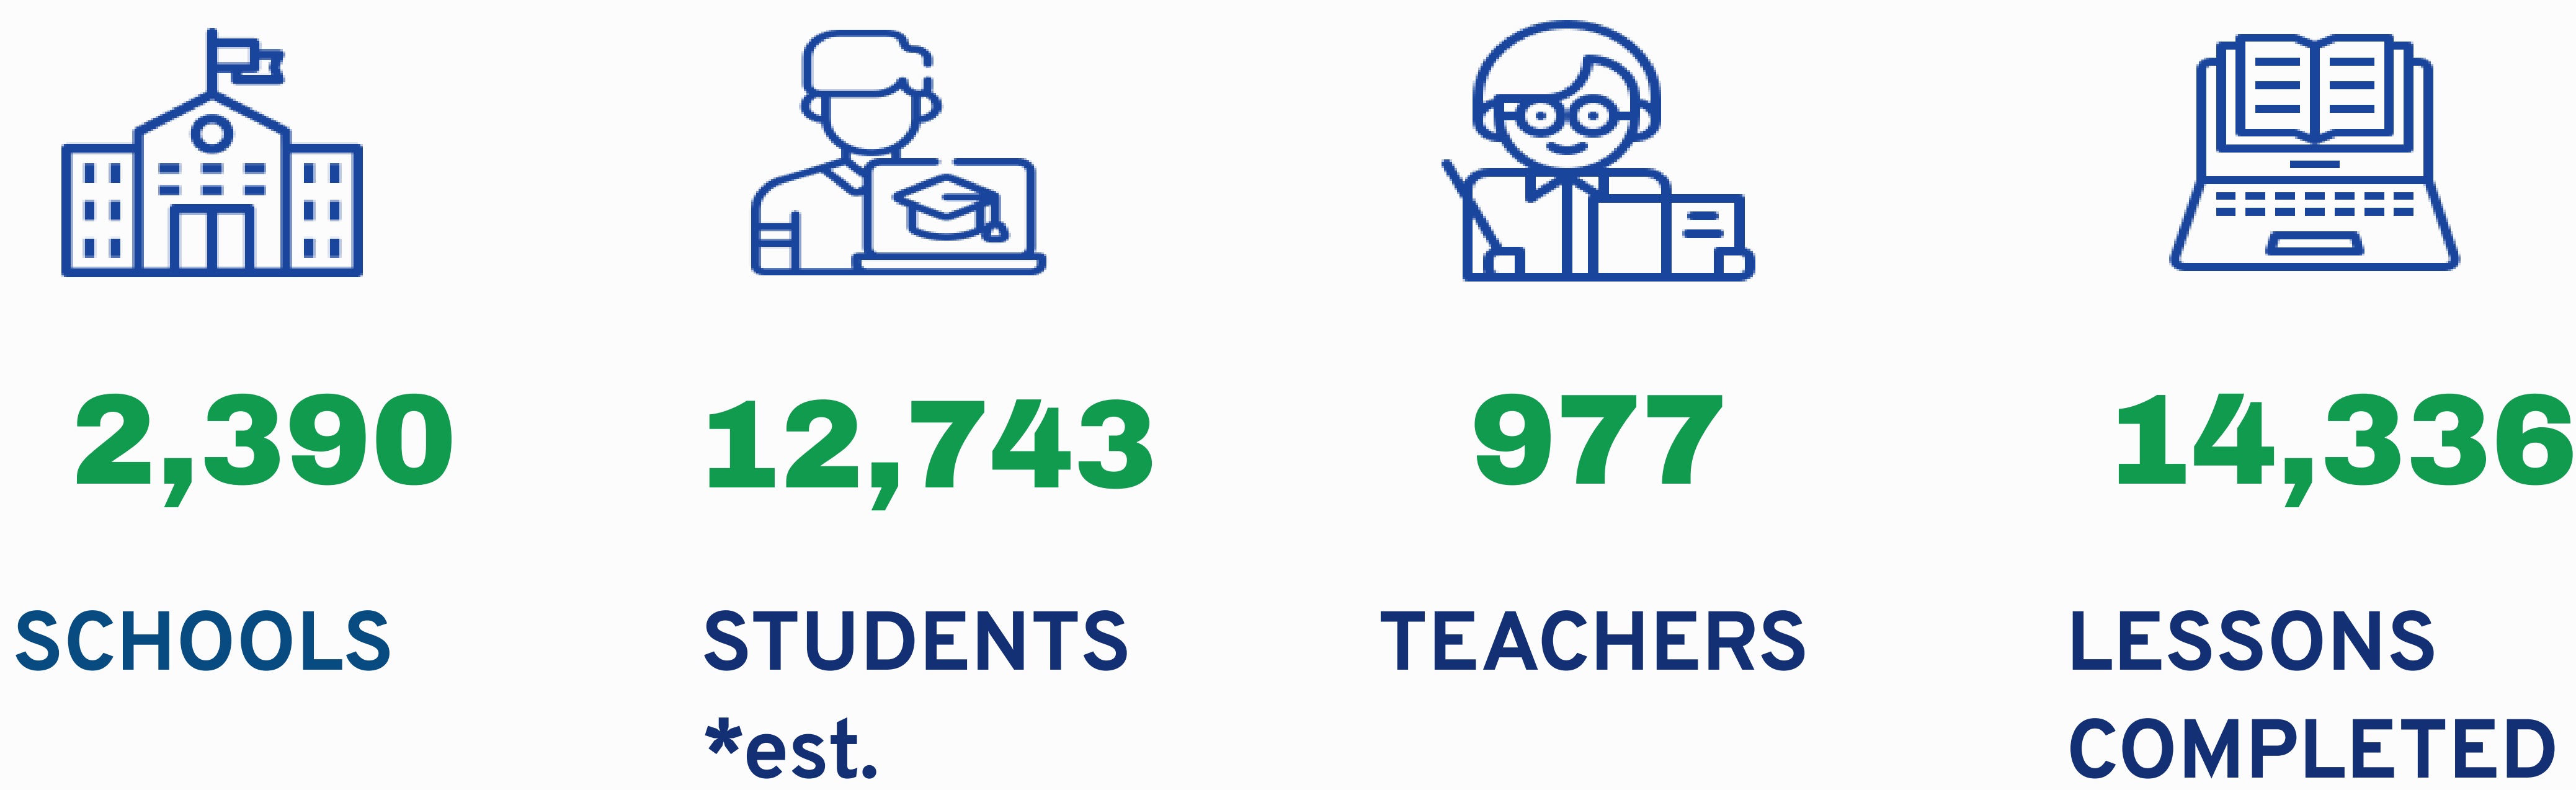

One of the important commitments we are making as we move into the future is the transition and expansion of our website. This year we improved our user experience, expanded data capture, and successfully transitioned to a U.S. based platform which allows more control over our content and ability to update information quickly.

This past year has been one of continued growth, commitment, and engagement. I am grateful to the YIS Board, Regional Advisory Boards, Committees, and our Executive Leadership Team for all that we have accomplished this year. Together we have established an incredibly strong foundation for progress and growth for many years to come.

Bloomberg Connecting Futures Networking Event

We kicked off the 2023-2024 Global Youth Investment Summit with an amazing Connecting Futures Event sponsored by Bloomberg.

Students were invited to tour the Bloomberg headquarters, viewed a Bloomberg terminal demonstration, listed to a panel of industry professionals, and had the chance to network and gain insight into the investment industry by interacting with a variety of finance professionals.

The students were very excited about this event and said that it was a tremendous opportunity for them.

Global Youth Investment Summit

The Global Youth Investment Summit was held at Cornell Tech University on Roosevelt Island in New York. This 2-day event was filled with finance workshops, industry speakers from Microsoft & Goldman Sachs, featured an AI case study competition, personal finance games, and our 2024 Global Stock Pitch Competition.

This event served over 150 students from 21 states and 9 countries including 98 stock pitch teams.

85 professionals from over 40 financial firms participated as stock pitch and case study judges, speakers, and event volunteers.

YIS Case Study Competition

The case study competition encouraged students to work in small groups to determine a solution that a company in the AI sector might face. Students worked together to present their solution to a panel of finance professionals who judged the presentations.

Student Testimonials

"Young Investors Society has been one of the most influential organizations I have been a part of in my life. Joining it is truly an investment in yourself, one that pays great rewards. Through all the knowledge and opportunities they offer, I have been able to learn everything about finance and get the chance to apply it."

Neil G.
Cox Mill High School, NC

"I'm a passionate Finance learner and sharing this excitement and knowledge with others is my main life goal, which is perfectly aligned with Young Investors Society. I've learned and experienced many new, interesting things that would be hard to replicate if it weren't for YIS."

Ronan M.
605 Academy, SD

"Joining YIS is the best decision I've ever made - not only did I become more financially literate, but I also met an amazing community of people who all strive to make the world a better place. I will always remember and treasure the opportunities that YIS has given me."

Jocelyn Y.
Montgomery High School, MD

"YIS has been a superlative resource and community to engage with throughout my high school journey. Whether it was refining my research skills with the Global Stock Pitch Competition, or accumulating applicable knowledge from the masterclasses, YIS has proven itself to have a universally positive impact on anyone who gives their attention to it."

Shlok G.
Northwood High School, CA

"We've experienced the privilege of being part of YIS, and I believe it's our duty to extend the empowerment of financial education to others who may not have had the same access. The opportunities in YIS are truly not to be missed!"

Jacklin W.
Memorial High School, TX

"YIS is a family of passionate people, all of whom are driven to succeed and be financially literate. I enjoy being part of this unique community and working and competing with students across the globe."
